A BILL FOR AN ACT ENTITLED: "AN ACT RESTRICTING THE USE OF A TRUCK  
TRACTOR-SEMITRAILER-TRAILER-TRAILER BETWEEN DECEMBER 1 AND MARCH 31; AND AMENDING  
SECTION 61-10-124, MCA."

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

**Section 1.** Section 61-10-124, MCA, is amended to read:

**"61-10-124. (Temporary) Special permits -- fees.** (1) Except as provided in subsections (2)(b), (2)(d),  
and (4), in addition to the regular registration and gross vehicle weight fees, a fee of \$10 for each trip permit and  
a fee of \$75 for each term permit issued for size in excess of that specified in 61-10-101 through 61-10-104 must  
be paid for all movements under special permits on the public highways under the jurisdiction of the department  
of transportation.

(2) (a) Except as provided in subsections (2)(b), (2)(d), (2)(f), (4), and (5), term or blanket permits may  
not be issued for an overwidth vehicle, combination of vehicles, load, or other thing in excess of 15 feet; an  
overlength vehicle, combination of vehicles, load, object, or other thing in excess of 95 feet; or an overheight  
vehicle, combination of vehicles, load, or other thing in excess of 14 feet or of a limit determined by the  
department. A vehicle, combination of vehicles, load, or other thing in excess of these dimensions is limited to  
trip permits. Except as provided in subsection (2)(g), a Rocky Mountain double may not exceed 81 feet in  
combined trailer length. A Rocky Mountain double is not subject to a combination length limit. Special permits for  
vehicle combinations of more than two trailers or more than two units designed for or used to carry a load are not  
permitted except as provided in subsections (4) and (5). Special permits for vehicle combinations may specify  
and special permits under subsections (4) and (5) must specify highway routing and otherwise limit or prescribe  
conditions of operation of the vehicle or combination, including but not limited to required equipment, speed,  
stability, operational procedures, and insurance.

(b) A term permit may be issued to a dealer in implements of husbandry and self-propelled machinery  
for an overwidth or overlength vehicle referred to in subsection (2)(a). The fee for this permit is \$75. This permit  
expires on December 31 of each year, with no grace period.

(c) With payment of the appropriate gross weight fees required by 61-10-201 and with payment of the fee prescribed in subsection (1), allowable gross weight of a five-axle combination logging vehicle is 80,000 pounds.

(d) A term permit may be issued for any combination of vehicles that exceeds 95 feet in length but does not exceed 100 feet in combination length, except a truck-trailer-trailer or a truck tractor-semitrailer-trailer-trailer combination, for travel only on highways that are part of the federal-aid interstate system, as defined in 60-1-103, or on other highways within a 2-mile radius of an interchange on the interstate system in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange. The fee for this permit is \$125.

(e) A term permit may be issued for a truck tractor-semitrailer combination when the semitrailer exceeds 53 feet in length but does not exceed 57 feet in length.

(f) (i) An annual permit may be issued for nondivisible loads up to 120 feet in length. The fee for this permit is \$125.

(ii) Portions of a nondivisible load hauled on a public road off of the interstate highway may be detached and reloaded on the same hauling unit if the separate pieces are necessary to the operation of the machine or equipment that is being hauled and if the arrangement does not exceed limits for which a permit may be issued.

(iii) An applicant for a nondivisible load permit for use as provided in subsection (6)(b) is responsible for providing information regarding the number of work hours required to dismantle the load.

(iv) For use as provided in subsection (6)(b) and for the purposes of this section, emergency response vehicles and casks designed and used for the transport of spent nuclear materials are considered nondivisible loads.

(g) A Rocky Mountain double carrying baled hay may not exceed 88 feet of combined trailer length.

(3) Except as provided in subsection (2)(b), a permit may not be issued for a period of time greater than the period for which the GVW license is valid as provided in this title, including grace periods allowed by this title. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department of transportation, purchase permits to expire with their registration. A license required by the state governs the issuance of a special permit.

(4) The department may issue special permits to the operating company for a truck-trailer-trailer or truck tractor-semitrailer-trailer-trailer combination of vehicles under the following conditions:

(a) the combination may be operated only on highways that are part of the federal-aid interstate system,

as defined in 60-1-103, and within a 2-mile radius of an interchange on the interstate system on other highways only in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange.

(b) a combination of vehicles powered by a cab-over or tilt-cab truck tractor or a truck may not exceed an overall length of 105 feet, inclusive of front and rear bumpers and overhang;

(c) a combination of vehicles powered by a conventional truck tractor may not exceed an overall length of 110 feet, inclusive of the front and rear bumpers and overhang;

(d) an individual cargo unit of the combination may not exceed 28 1/2 feet in length and 102 inches in width;

(e) gross weight fees under 61-10-201 must be paid on the truck or truck tractor for the declared registered gross weight of the special vehicle combination, but not to exceed the formula in 61-10-107;

(f) the combination must have a special overlength permit issued at a fee of \$200 for a term permit or \$20 for each trip permit;

(g) travel of the combination may be restricted to specific routes, hours of operation, specific days, or seasonal periods; ~~and~~

(h) the department may enforce any other restrictions determined by the department to be necessary. The permit is not transferable, and the fee for the permit is \$200.

(5) The department of transportation may issue special permits under subsection (4) for vehicle combinations that consist of a truck-trailer-trailer if:

(i) restricts truck-trailer-trailer operations authorized by the permit to the hauling of talc ore, chlorite, dolomite, limestone, and custom combine equipment;

(ii) operated the truck-trailer-trailer combination before July 1, 1987;

(iii) restricts the truck-trailer-trailer operations authorized by the permit to the specified routes that those vehicles used before July 1, 1987; and

(iv) provides the department of transportation with an affidavit confirming the routes used before July 1,

1987, for truck-trailer-trailer operations.
